Copy 4 of 14

9 June 1958

MEMORANDUM FOR: Chairman, Ad Hoc Requirements Committee

SUBJECT : TALENT Coverage of KRASKINO and SLAVYANKA,
PRIMORSKIY KRAY

1. Inasmuch as deep penetration overflights are presently suspended it is requested that the Ad Hoc Requirements Committee consider the practicality of conducting flights along the periphery of the Soviet Far East in the areas of Slavyanka and Kraskino.

25X1D1a

3. Should the request for coverage be granted we feel the following information could be obtained with a "B" configuration camera.

- (a) Determine the configuration of the Soviet missile site for surface-to-surface missile (as yet unknown).
- (b) Changes in deployment configuration of Soviet surface-to-air missile installations.
- (c) Configuration of missiles on site, allowing some assessment of their technical characteristics.
- (d) Confirm Soviet philosophy of missile deployment (fixed hard-soft mobile).
- (e) Confirm or deny the existence of missile launch sites in the area.
